

Note:

This Fee structure is for our established Small Sided Games teams on Saturday and our 11 a side Teams on a Sunday.

The club this season is running two initiatives involved in All Girls football on a Sunday and also developing Boys Small Sided Games on Sundays. Fee structure for these initiatives will be totally separate and be partly subsidised by the Club for the first season to help them get going. This will be communicated in October 2016.

We appreciate your support in these initiatives.

Dear Parents,

As you may be aware, the scheduling of the football season is changing to a calendar year one. This means we will have a short season to Christmas and a full season starting next February that will last until November 2017.

The club has taken a decision to collect fees now for both seasons, which means that you won't pay another fee to Granada again until February 2018. Our fees are unchanged for the 11th consecutive year - **the combined fee is further discounted from what it would cost over one and a half seasons**. You can pay in full by cheque, cash or on Easy Payments Plus. **We also have an instalments feature on Easy Payments Plus so you can spread the payment out over 10 months**. Details of fees are listed below and cover the short season (Sep - Dec 16) and the 2017 full season (Feb - Nov 17). Collecting fees is extremely time consuming and involves all of the committee. By doing it this way it will help ease that burden, so we can focus on other areas that need our attention.

It is important to note that the registration fee is the **only payment you will be asked to make** to the club and covers all player and league registrations, training facilities, insurance, team equipment (balls, etc.) and shorts and socks every second season. In recent seasons we have also been able to give tracksuits to our teams that have competed in cup finals and training tops to all our younger players. The club is run very prudently to generate a small surplus each year.

It is also important to note that no child has ever been refused football in Granada because of financial circumstances. Any parent who has concerns over the implications of the fee for their finances is encouraged to speak to our chairman or secretary in complete confidence.

See Table below for details

		Cost
Item	Description	Season 2016 (Sep - Dec) & Season 2017 (Feb - Nov)
