Testimonials

Ray Power Coach Education
Consultant - Mentor - Educator

“It (Making the Ball Roll) is, in every way, a complete guide for any youth coach. While many books aimed at the youth coach focus on one aspect of coaching, this book hits them all and in great detail”.

NSCAA Soccer Journal, Book Review

“Ray Power has produced another quality ‘must read’ book for all coaches interested in the modern game and the ongoing development of football tactics.”

Mark Wotte, Foreword to Soccer Tactics 2014

“Ray is great to work with – thought-provoking, innovative and, like all the best coaches, has the players’ best interests at heart.”

Dan Leivers, Head of Academy Coaching, Notts County

“Fantastic day listening to and watching Ray Power deliver his deliberate practice work. What a knowledge of the game and a pleasure to meet.”

Ian Clark, Masterclass Attendee, Mansfield Town FC

“Ray Power is a diligent and industrious coach. He completed his UEFA A Licence some years ago and was a high quality pass student. His understanding of the game and the coaching and teaching of the game are of a high standard and his communication skills are again first class.”

Dick Bate, former FA Head of Elite Coaching

“The gulf in my coaching knowledge is now less than it was thanks to a great day with Ray Power.”

Steve Hyde, Masterclass Attendee

“I approached Ray about running a coach education program to assist our coaches at Magnet Academy, who we felt had particular limitations and gaps in their knowledge. He delivered an excellent event that met our specific needs and it was highly informative. Highly recommended.”

Tuntu Mwambusi, Technical Director, Magnet Academy
